

(2 - day tour with hiking, horseback riding and optional paragliding)

Day 1: Lake Sevan, Paragliding (optional activity), Sevanavank Monastic Complex, Dilijan, Haghartsin Monastery, Honey House, Yenokavan

09:00 - Starting the tour

The program starts with [Lake Sevan](#) ("The Blue Pearl of Armenia") - the highest freshwater mountain lake in Europe, and surrounded by the Lesser Caucasus Mountain range. Set 1900m above sea level, Sevan is the largest lake in the Caucasus, it's also one of the largest freshwater high-altitude lakes in the world. Its colors and shades change with the weather and by its own mysterious processes, from a dazzling azure to dark blue and a thousand shades in between.

The tour around the lake also includes a visit to the [Sevanavank Monastery](#). Enjoy a visit to the picturesque site of monastery, an ancient religious complex that overlooks Lake Sevan. Situated on a peninsula that was once an island before the water level dropped, the monastery stands atop a hill, with scenic views of the lake and the often-snow-capped slopes in the backdrop. You'll need to climb a number of stairs to reach the site, but you'll be rewarded with inspiring panoramic views. Explore the two historic churches, most likely dating from the 9th century and exhibiting a typical, simple Armenian style of architecture.

For the lovers of high sky, we offer in Sevan an amazing [Paragliding adventure](#) as an optional activity at extra cost. A must do when visiting Armenia, with Armenia's leading experts in tandem paragliding flights. The team of highly qualified and professional pilots will make sure to give you the experience of a lifetime.

For those who decide to take a paragliding flight, it will be organized early in the morning - at 6 am. Depending on the weather, the flight time may change or simply be canceled.

***Paragliding is offered as an optional activity at extra cost. Full details and pricelist will be provided separately.

After our day continues to beautiful city of **Dilijan** that is sometimes referred to as the forest kingdom of Armenia. In this cozy town, you can find vivid examples of traditional wooden house architecture. The mountains and gorges are covered with rich forests changing to alpine meadows and dotted with small farms, hiking tracks, lakes and rivers. The mountainous landscape is highly diverse, with different terrains, climates, soils and water resources. Many natural and man-made features enrich the national park: monasteries, lakes, archeological sites, forests, rivers and farmland create an endlessly-changing environment.

Lunch will be at authentic restaurant Old Dilijan Tavern.

The day wouldn't be complete without visiting **Haghartsin Monastery** that rises among the majestic mountains where eagles fly. The name of monastery is associated with them: Haghartsin in Armenian means "game of eagles". The most ancient building of Haghartsin is the Church of St. Grigor built in the 11th century by monks who fled from Western Armenia fleeing persecution. Haghartsin used to be a major center of culture and spirituality in Armenia since the 13th century.

Visiting **Honey House** - located in a cozy corner right in the heart of nature, where you can taste different types of delicious homemade honey, jams, and the most unique and authentic wine — a kind you probably have never tasted before — Honey Wine.

Couldn't resist the taste? Buy from these delicious treats and take with you.
